

OVERCOME BARRIERS. ADOPT SOONER. GAIN CONFIDENCE.

WITH rSMART'S PROFESSIONAL SERVICES FOR KUALI FINANCIAL SYSTEM

With rSmart, you can be assured that your deployment of Quali Financial System (KFS) will be successful because of our software support and professional services. The dedicated professionals at rSmart have years of experience implementing financial systems in higher education. rSmart will guide you through the technical and functional complexity of KFS that can be challenging to a successful adoption. Learn more online at www.rsmart.com

rSMART SERVICES

- EVALUATION
- IMPLEMENTATION
- PROJECT MANAGEMENT
- TRAINING
- SUPPORT

The rSmart services approach is different from anything else that you will experience in an enterprise technology implementation.

- Gain immediate, hands-on experience with KFS using your own data early in the process
- Use rSmart experts to augment your own staff or to execute the entire project
- Experience consistent training, support and project management throughout
- Work with the most experienced Quali implementation team
